

## **Irvine Celebrates 22 Years of Pharmaceutical Development Growth and Stability by Awarding Project Grants**

### **DATE OF RELEASE**

April 13, 2010

11:08AM ET

IRVINE, CA – Irvine Pharmaceutical Services, Inc., a premier pharmaceutical development and manufacturing organization, celebrates 22 years in business. Founded in 1988, Irvine has grown into a full service pharmaceutical development provider located in Irvine, California, on a three-facility campus.

Irvine supports the pharmaceutical, biopharmaceutical, and medical device industries by providing GMP contract development and manufacturing services including formulation, analytical development, aseptic fill and finish, lyophilization, process validation, scale-up studies, packaging/labeling, stability storage and complete analytical CMC testing.

“Irvine’s steady growth, strength, and stability have allowed us to successfully expand to better support our client’s needs; most recently Irvine introduced its latest service offerings, aseptic development and fill-and-finish manufacturing via its affiliate, Avrio Biopharma.”

To celebrate 22 successful years, Irvine proudly offers 22 Anniversary Project Grants to thank the pharmaceutical community for their support. Visit [www.irvinepharma.com/anniversary\\_grants.asp](http://www.irvinepharma.com/anniversary_grants.asp) to learn about how your programs can benefit from Irvine’s solid expansion and stability.
